CEB SPECIFICATION

SPECIFICATIONS FOR DOUBLE CABS/PICK UPS – TWO WHEEL DRIVE

CEYLON ELECTRICITY BOARD SRI LANKA

SPECIFICATIONS FOR 2 WHEEL DRIVE DOUBLE CABS, PICK-UPS-2 WHEEL DRIVE

1.0 General

The two wheel drive brand new double cab pick up shall conform to the Motor Traffic Act of Sri Lanka. The vehicle should be forward control and right hand drive type. The make of the vehicle offered shall be well known and the offered vehicle shall be of latest model. The local agent shall be well established in Sri Lanka with all facilities for after sale services. The local agent shall ensure the adequate stock of spares and garage facilities. The vehicle shall be of heavy duty type suitable for use in tropical climate with seating capacity for 05 passengers including driver. The make of the vehicle offered shall have been used in Sri Lanka at least for five years.

2.0 Engine

Four cylinder, four stroke, radiator water cooled, in-line, overhead valve diesel engine with a displacement not less than 2400 CC

3.0 Transmission

Five speed forward and a reverse manual synchromesh transmission. Floor mounted gear shift and heavy duty single drive plate clutch.

4.0 Steering

Hydraulic power assisted steering system with tilt steering column and steering lock.

5.0 Suspension

At front independent double wishbone, torsion bar with telescopic type shock absorbers and at rear semi elliptic leaf springs with telescopic type shock absorbers.

6.0 Brakes

Servo assisted front ventilated discs and rear self adjusting drum brakes with parking brake.

7.0 Wheels

At least 15 inch pressed steel single wheels for front, rear and spare wheel. Tyres shall be of radial type with suitable thread pattern suit for rough roads. An identical spare wheel (with tyre) with fixing arrangements shall be provided.

8.0 Seats

The driver's seat and front passenger seat must be separated, adjustable and reclining, bucket type seats to give firm grip. All seats shall be of fabric finished and all interior exposed parts shall be suitably upholstered.

9.0 Body

Robust body suitable for rugged use with four lockable doors and tail gate. Weather protected front and rear bumpers, the cab guard and protective side body mouldings shall be provided. The rear tray shall be suitably painted with corrosion preventive material.

10.0 Fuel Tank

Minimum capacity of 60 litres with lockable filling cap.

11.0 Standard Fittings

The vehicle shall have the following standard fittings.

1. Air conditioner with 3 speed blower.

- 2. FM Radio/Stereo type cassette player with antenna.
- 3. Clock (analog or digital)
- 4. Front seat belts
- 5. Cigarettes lighter and ash tray
- 6. Mud flaps
- 7. Full set of floor carpets
- 8. Sun visors for front passenger and driver
- 9. Seat head restraint for front passenger and driver.
- 10. Both side view mirrors and rear view interior mirror.
- 11. Windshield washer
- 12. Two wind shield wipers with two speeds and intermittent operating facility
- 13. Cab interior light
- 14. Electric horn
- 15. Halogen head lamps
- 16. Turning indictor lamps
- 17. Parking lamps
- 18. Reverse lamps
- 19. Rear number plate lamp

12.0 Instruments

- 1. Speedometer with odometer and trip meter.
- 2. Fuel level gauge.
- 3. Cooling water temperature gauge.
- 4. No/low battery charge indicator
- 5. Head light dip/beam indicator
- 6. Turning signal indicators
- 7. Hazard warning indicators
- 8. Parking brake indicator
- 9. Engine oil low pressure indicator
- 10. Low fuel indicator
- 11. Door open indicator
- 12. Seat belt not fasten indicator

13.0 Electrical System

12 V electrical systems with heavy duty battery, battery charging alternator and starter motor

14.0 Spares, Tools & Manuals

- 1. Spare wheel complete with tyre.
- 2. Wheel brace
- 3. Jack
- 4. Set of spanners, screw drivers and pliers
- 5. Operation & maintenance manual in English.

15.0 Warranty

Minimum warranty period of 12 months or 20,000 k.m, whichever comes first.

16.0 Service

The vehicle should be well known brand represent by a reputed dealer in Sri Lanka in order to maintain adequate spares, repair and service facilities for the Double Cab for at least next 10 year period.

SCHEDULE OF GUARANTEED TECHNICAL PARTICULARS 2 WHEEL DRIVE PICK UP

1	Make	
2	Model	
3	Year of manufacture	
4	Name & Address of Manufacturer	
5	Name & Address of Local Agent	
6	General Information	
	(a) Overall length (m)	
	(b) Overall width (m)	
	(c) Wheel base (m)	
	(d) No. of crew	
	(e) Vehicle weight in kg	
	(f) Pay load in kg	
	(g) Gross weight in kg	
	(h) Overall height to roof top in mm	
	(i) Ground clearance (un laden) in mm	
	(j) Right hand drive or otherwise	
	(k) Colour of the Pick Up	
7	Seats	
•	(a) No. of seats	
	(b) Type of Sets	
	(c) Whether Driving seat is adjustable	
	(d) Availability of seat belts	
8	Engine	
Ŭ	(a) Model	
	(b) Type	
	(c) Maximum Output	atrpm
	(d) Displacement	
9	Fuel	
Ũ	(a) Type of fuel used	
	(b) Fuel tank capacity (Lt)	
	(c) Whether fuel tank filling cap is lockable	
	(d) Fuel consumption (km/Lt)	
10	Transmission System	
	(a) Model	
	(b) Gear System	
	(с) Туре	
	(d) No. of Forward gear	
	(e) Whether floor mounted gear shifting	
11	Steering System	
	(а) Туре	
	(b) Power steering	
	(c) Minimum turning radius	
12	Suspension System	
	(a) Front	
	(b) Rear
